

JASCINTH STEWART

St.Catherine • +1-876-818-0539 • stewartjascinth1970@gmail.com

Primary Education Teacher

Dedicated and experienced Early Childhood Educator with a Bachelor's degree in Early Childhood Education from Mico University College and NCTVET certification in Early Childhood Education. Skilled in child development, classroom instruction, and creating positive learning environments for young children. Strong communication, interpersonal, and organizational skills with additional experience in customer service and administrative support. Passionate about supporting children's growth and development through engaging and structured learning.

WORK EXPERIENCE

St Aloysius Primary • Jamaica • 06/2019 - Present

Grade 1 teacher

- Teach Grade 1 students core subjects including Mathematics, Language Arts, Integrated Studies, Spelling, and Oral Reading, building foundational literacy and numeracy skills.
- Develop and deliver age-appropriate lesson plans and classroom activities that support early childhood learning and engagement.
- Foster a positive and structured classroom environment that encourages participation, confidence, and social development among young learners.
- Assess student progress through reading exercises, spelling tests, and class activities, providing guidance to support improvement.
- Support students' early reading, communication, and problem-solving skills through interactive instruction and guided practice.

Small Treasure ChildCare • 2 Brompton Road, off Lady Musgrave Rd, • 07/2017 - 08/2019

Kindergarten Teacher

- Guided Kindergarten students in developing early language, phonics, and basic math skills through structured classroom instruction.
- Used songs, storytelling, and interactive activities to strengthen letter recognition, sound identification, and vocabulary development.
- Helped students build early number sense by introducing counting, simple patterns, and basic arithmetic concepts.
- Encouraged social interaction and classroom participation to support confidence and communication skills in young learners.
- Observed and recorded student development and learning milestones to support individual learning needs.

Smart Kids Basic • 09/2008 - 04/2015

Kindergarten Teacher (Early Childhood)

- Encouraged positive behavior, teamwork, and classroom routines to support social and emotional development.
- Organized creative learning activities including drawing, storytelling, and educational games to stimulate curiosity and engagement.

- Taught foundational math concepts such as counting, number recognition, and simple patterns through hands-on activities.
- Helped children develop fine motor and communication skills through guided classroom exercises and play-based learning.
- Supervised and supported students during class activities and transitions to maintain a safe and structured environment.
